FUZE ECOTEER
CONNECTING PEOPLE WITH NATURE

Eco-Holidays

Be part of the global initiative to be a more sustainable community wherever you are.

Tourism and travelling, while help in increasing awareness and understanding on a particular issue, may also cause more harm to the environment and wildlife.

However, with this in mind, we can learn to minimize these negative effects by travelling responsibly.

Let us help you plan your Malaysia trip! We will ensure that your trip is sustainable, is helping to support the local community as much as you can and is filled with valuable experiences.

Tell us what you want out of your trip, where would you like to go and what kind of experience that you are interested in and we will create a programme especially for you!

PERHENTIAN 3D2N CONSERVATION-COMMUNITY EXPERIENCE

Explore the beautiful culture of the community of the Perhentian Islands and their involvement in conservation of the island.

Join our PEEP team in educating the future Eco-leaders of the islands. Be part of the Eco Club while they go on their weekly Kayak Patrols and Coral Watch activities. Try your hand at making 'kuih' (traditional Malay dessert) as taught by the ladies of PILA. Get a taste of authentic Malay cooking at the house of a local and experience the Malay hospitality. Explore the beauty of the underwater world during Eco-Snorkel Tour.

Come as a tourist, stay as a local and leave with an enriched experience like no other.
